Project Title: women and child empowerment program

Grant Requested: Rs 3000000000

Ngo Registration No: 251/85

Location: No 39, Sonalur village, Mambakkam post, Vandalur Tamil Nadu Chennai -600127.

Implementer Agency: New Karunai Illam Society.

Duration: 2 Years

Time Frame: Any time after the approval of this project

### INTRODUCTION

Social upliftment of women is one of the major causes of the organization. In fact, working for the betterment of women was one of the first vows taken by the formulators of the organization. Female population has been considered the weaker sect of the society for ages in our country. even though the government takes timely measures to ensure the safety and status of women, time and again the male sect establishes its domination over the women and suppresses them from coming up in life.

New Karunai Illam Society in an attempt to protect the womenfolk from social discrimination and suppression has always been involved in the Upliftment of Women. Among all Projects/ New Karunai Illam, the development of women is one of the main focus areas. Through SHGs Our intervention is based to develop the social, economical political and cultural aspects of women living below poverty line.

New Karunai Illam Society is attempt to help the children in three districts for their education Chennai, Kanchipuram, and Thiruvallur. We are attempting to development these children to be a better citizen of the country

### AIM OF THE PROJECT

To build capacities of Poor women to increase their incomes through supporting self help groups and sustainable income generating activities. The main aim is to bring children in physical, medical, emotional and social development.

### Objectives

- ❖ To enhance the capacities of HIV/AIDS infected and affected families to increase alternate income source through income generating activities
- ❖ To develop stronger livelihood support

- ❖ To increase income levels of the poor families in the process of reducing migration simultaneously the poverty
- ❖ To improve overall standard of living and empowerment of poor women families and enhance the self reliance and sense of dignity
- ❖ To support the NHGs to practise thrift and credit and internal lending
- ❖ To identify common interest of the group
- ❖ To access the outside resources
- ❖ To promote entrepreneurship among women
- ❖ To conduct training programmes to promote talent among women & children
- ❖ To run a Nursery and Primary School
- ❖ To run sports activities
- ❖ To support poor children for education
- ❖ To develop community development
- ❖ To develop and encourage children on planting trees

### Activities of the project

#### Self-Help Group (SHG):

SHG is a holistic programme of micro enterprises covering all aspects of self-employment, organization of the rural poor into self Help groups and their capacity building, planning of activity clusters, infrastructure build up, technology, credit and marketing.

It lays emphasis on activity clusters based on the resources and the occupational skills of the people and availability of markets Self-Help Group refers to self-governed, peer controlled, informal group of people with same socio-economic background and having a desire to collectively perform common purposes. Here poor people voluntarily come together to save whatever amount they can save conveniently out of their earnings, to mutually agree to contribute to a common fund and to lend to the members for meeting their productive and emergent needs. SHGs have been able to mobilize small savings either on weekly or monthly basis from persons who were not expected to have any savings. They have been able to effectively recycle the resources generated among the members for meeting the emergent credit needs of members of the group.

SHG is a group formed by the community women, which has specific number of members like 15 or 20. In such a group the poorest women would come together for emergency, disaster, social reasons, economic support to each other have ease of conversation, social interaction and economic interaction. A SHG is an informal association to enhance the member's financial security as primary focus and other common interest of members such as area development, awareness, motivation, leadership, training and associating in other social inter-mediation programmes for the benefit of the entire community.

#### Need of Self-Help Group (SHG):

The very existence of SHGs is highly relevant to make the people of below poverty line hopeful and self-reliant. SHGs enable them to increase their income, improve their standard of living and status in society. It acts as a catalyst for bringing this section of society in the main stream. Ultimately, the nation reaps the advantages of socialism.

The Government of India and various state Governments have been implementing various programmes for rural upliftment. However, rural poverty and unemployment still persist in the country. This problem is becoming severe and acute. The available latest statistics relating to the Indian Economy indicates that about 26% of the total population in the country belongs to the rural poor. Considering the gravity and intensity of the problem, many Voluntary Development Organisations (VDOs) have come forward with different programmes for the rural poor in the country. These agencies undertake various innovative programmes and schemes to address the issues of poverty and unemployment prevailing in our country.

Among the various programmes "Swarna Jayanti Grama Swarojgar Yojana" (SGSY) is an important one. This programme was launched on 1st April, 1999, at 75:25 costs sharing between Central and State Governments.

The main objective of this programme is to bring the beneficiaries above the poverty line by providing income generating assets to them through bank credit and government subsidy. The Self-Help Groups (SHGs) are the major component of this scheme.

Women are a vital part of the Indian Economy, both at the national and the household levels. They make one-third of the national labour force. Compared with their menfolk, Indian women contribute a much larger share of their earnings to basic family maintenance with the result that women's earnings positively and immediately affect the incidence and the security of poverty.

Despite all this, social conventions and gender ideology deprive them of the access to, and control over, the resources which would enable them to increase their productivity. Women form the backbone of agricultural operations and majority of agricultural labourers are woman. Seventy to eighty percent of the field work is done by women.

Most post-harvest and processing tasks are their sole responsibility. They are heavily involved in animal husbandry, particularly small livestock. About 85 percent of persons engaged in dairy production are women. Since independence, government's policy on women's development has taken varying types of emphasis: from the initial welfare oriented approach to the current focus on development and empowerment.

The planning commission, with the aim of converging the benefits in the social and economic development sectors for women in the Ninth plan, envisaged "inclusion of an identifiable women component plan in the programmes of the respective ministries right from the planning process, and to monitoring and implementation of programmes to ensure the reach of benefits to women"

Secret

The Ninth Plan Document (1997-2000) also laid emphasis on the participation of people in the planning process, and the promotion of self help groups. Self Help Group (SHG) is a homogeneous group of poor, women. This group is a voluntary one formed on areas of common interest so that they can think, organize and operate for their development.

SHGs function on the basis of co-operative principles and provide a forum for members to extend support to each other. It is considered as a means of empowerment. SHGs organise very poor people who do not have access to financial system in the organised sector. In groups, normally transparency and accountability are lacking.

However, in a group like SHG, they are ensured through collective action of the members. This scheme mobilises the poor rural people especially women to form groups for mutual benefits. SHGs play a crucial role in improving the savings and credit and also in reducing poverty and social inequalities.

**Objectives of SHG:**

- 1. To inculcate the savings and banking habits among members.
- 2. To secure them from financial, technical and moral strengths.
- 3. To enable availing of loan for productive purposes.
- 4. To gain economic prosperity through loan/credit.
- 5. To gain from collective wisdom in organising and managing their own finance and distributing the benefits among themselves.
- 6. To sensitize women of target area for the need of SHG and its relevance in their empowerment.
- 7. To create group feeling among women.
- 8. To enhance the confidence and capabilities of women.
- 9. To develop collective decision making among women.
- 10. To encourage habit of saving among women and facilitate the accumulation of their own capital resource base.
- 11. To motivate women taking up social responsibilities particularly related to women development.
- 12. It acts as the forum for members to provide space and support to each other.

The group should operate a group account preferably in their common area bank. It is an as to deposit the balance amounts left with the groups after disbursing loans to its members. The group should maintain simple basic records such as minute book, attendance register, loan register, general ledger, cash book, Bank pass book and individual pass books. 50% of the groups formed in a block should be exclusively for the women.

In the case of disabled persons, the groups formed should ideally be disability specific wherever possible. However, in case sufficient number of people for formation of disability specific groups are not available, a group may comprise of persons with diverse disabilities or a group may comprise of both disabled and non-disabled persons below the poverty line.

The SHGs broadly go through three stages of evolution such as:

- i. Group formation
- ii. Capital formation (through the revolving fund).
- iii. Skill development and taking up of economic activity for income generation

As SHG are formed under the Swarna Jayanti Swarojgar Yojana (SGSY), for SHGs subsidy would be 50 percent of the project cost subject to a ceiling of Rs. 1.25 lakh or per capital subsidy of Rs. 10,000 which-ever is less. There is no monetary ceiling on subsidy for minor irrigation projects for SHGs as well as individual swarojgaris (self employed).

The SHGs may consist of 10-20 members and in case of minor irrigation, and in case of disabled persons and difficult areas, i.e. hilly, desert and sparsely populated areas, this number may be a minimum of five. Self Help Groups should also be drawn from the BPL list approved by the Gram Sabha.

Since the inception of the programme of SGSY (1st April, 1999) 22.52 lakh self-help groups have been formed covering 66.97 lakh swarojgaris. These include 35.54 lakh members of the SHGs and 31.43 lakh Individual swarojgaris who have been assisted with a total investment of Rs. 14403.73 crore. Out of total swarojgaris assisted, SCs/STs were 45.54 percent and women 47.85 percent. During 2006-07, the central allocation scheme is Rs. 1200 crore.

### Training the youth on entrepreneurial skill

Most of the youth in town are unskilled. Most don't have enough knowledge on enterprise development, petty trading and related activities. Some have skills but their knowledge is traditional. Besides, they have no start up capital. Therefore, training on business development and going to envisaged business of their interest is the first step.

### Provision of sporting materials

In here different sport teams which were already formed will be given sporting materials. The sporting team's types are football, netball, volley ball and table tennis.

## Objectives:

### Objective of New Karunai Illam

One of the Objective of New Karunai Illam Society is to establish, maintain and improve a Hospital or other such Institution for reception and treatment of persons suffering from illness or mental defectiveness or for treatment of persons during convalescence or for persons requiring medical attention or rehabilitation solely for philanthropic purpose and not for any gain or profit in Rural Areas.

### Key Objectives of this Specific Project

Care of women before, during and after Pregnancy

- Periodic medical check-up
- Antenatal
- Maternity
- Postnatal Care

Care of Children from pre-Birth up to Five years old

- Preventive care
- Immunization
- Early childhood care
- Early diagnosis and treatment

Prevention and Treatment for Children

- To ensure upcoming children are physically and mentally healthy.
- To prevent mortality of infants and mothers.
- To avoid or treat blood incompatibility, malnutrition, low birth weight, milk and peanut intolerance, mental retardation, chromosomal; genetic and medical syndromes in children.
- To treat ears, eyes and speech related disorders in children.

### Futuristic Rural Outreach model

New Karunai Illam Hospital is a futuristic model. It is a rural outreach model. It proposes to set-up a Outreach Multi Speciality Hospitals in the rural.

It would focus on the wellbeing of women and children and eradication of diseases.

### New Karunai Illam Hospital Strategy

- New Karunai Illam Hospital would provide outreach multi-specialty healthcare facilities. This would enable us to provide a comprehensive quality consciousness end-to-end patient-centric care.
- We would implement clinical governance measures at all levels of healthcare specialties to improve and ensure quality clinical care.
- We propose to obtain JCI accreditations for various specialties.
- We would also register the quality programmes with the Indian Council of Medical Research, ISO 9002, from Bureau of Indian Standards & British Standards of India.
- We would focus on high-quality healthcare service at affordable rate.
- High-quality medical facilities and services are offered at cost competitive rates.
- We would consistently invest in medical technology and equipment to offer the highest quality healthcare services to our loving patients.
- The company would deploy a robust system of internal controls to allow optimal use and protection of assets, facilitate accurate and timely compilation of financial statements and management reports, and ensure compliance with statutory laws.

The above objectives can be achieved by:  
"Establishment of a cluster of Outreach Multi Specialty Hospitals in the Rural"

Medical field has significantly advanced globally. The knowledge and expertise is available to mankind. Only issue is it has to be reached from International specialist areas or what is available in Indian cities to the common man in the rural India.

Definitely, it is possible.

Yes we can. There should be;

1. Qualified, knowledgeable healthcare specialties
2. Advanced medical equipment for both testing and treatment
3. Nearby easy access to the facility and
4. Affordability by the rural common man

Vision of New Karunai Illam Hospital

The sole aim for setting up this hospital is to provide the best medical care available internationally to the common man in rural.

Medical facility needs knowledge, skill, experience and necessary equipment. Experience means not 30 years of experience, but newly advanced international cutting-edge experience. Today, the medical testing and treating procedures, systems, instruments, medicines and attitude of healthcare professionals are of prime importance, as we now greatly realize and understand the importance of an individual person's health.

We cannot ignore the medical needs of any human life. No human being should be denied proper medical treatment. It is the medical professionals' duty to search and provide the best treatment to all. Annam Hospital aims to provide the best medical treatment and ensure world class medical attention and care is given.

Technical Information

Outreach Multi-Specialty Hospitals

A multi-specialty hospital has more than one specialty. New Karunai Illam Hospital focuses on

- Early Childhood Care
- Women wellness during pregnancy
- Vaccination of children
- Eradication of communicable diseases

New Karunai Illam Hospital is proposed to be set-up as a multi-super specialty hospital in rural areas.

It is proposed to provide the highest standards of medical care to all people without any discrimination of financial and economic status, age, nationality, caste, creed or religion.

**Conclusion**

New Karunai Illam Hospital primary focus would be on the rural people.

New Karunai Illam Hospital mission is to provide international quality standard healthcare services to every common individual even in the rural.

We believe every individual's top priority is to get the correct appropriate treatment. For majority of common people Medical Insurance would be the solution as it is usually difficult to fork such huge amount immediately.

A comprehensive business strategy that reinforces both quality of healthcare, marketing and financial strength is required to make the hospital venture successful.

We seek to further strengthen our position as a leading healthcare service company by successfully differentiating our service offerings and increasing the scale of operations.

Given the non-availability of adequate health care facilities in remote parts of India, we believe that high-growth opportunities exist in rural market.

Funding of the project would be mainly through corporate donations.
